

Tim Ostrosky Business Solutions Advisor

energy management initiatives

# IT PAYS TO GO GREEN

## energy management initiatives

NEPIRC is hosting these seminars which will educate companies on ways to reduce energy requirements and costs.

As part of this initiative, NEPIRC is providing free energy assessment audits to seminar attendees through our partners.

# NEPIRC's Partners

Assessments can be part of an overall energy management strategy that we feel will continue to yield major bottom-line benefits for companies in controlling energy costs.

NEPIRC has partnered with the following agencies to provide these energy assessments:

- The First Energy Group
- Pennsylvania Technology Assistance Program (PennTap)

# Referring Partners

NEPIRC has also received referral support from the following local agencies and Chambers of Commerce

- Can Do. Inc.
- Greater Hazleton Chamber of Commerce
- Greater Scranton Chamber of Commerce
- Northern Tier Regional Development Council
- Tioga County Development Council
- Wellsboro Chamber of Commerce
- Columbia/Montour Chamber of Commerce
- Wilkes-Barre Chamber of Commerce

**DIRECTOR OF ENGINEERING**

# Results of NEPIRC's Assessment

## Energy Effectiveness Proposal NEPIRC

- *Current Annual Utility Costs*      \$5,541
- *Estimated Annual Maintenance Costs*      \$1,350
- *Total Current Annual Utility Costs*      **\$6,891**
- *After Upgrade Annual Utility Costs*      \$2,286
- *Estimated Annual Avg. Maintenance Costs*      \$ 338
- *Total After Upgrade Annual Avg. Utility Costs*      **\$3,214**

**Upgrade Costs      \$11,371**

**ROI 2.5 Years**

**10 Year Cumulative Savings Estimated**

**\$54,534**

# Outcomes - What's in it for the Customer?

An Energy Efficiency & Savings Assessment will:

- identify sources of energy/natural resource wastes
- identify opportunities for energy cost savings;
- establish a plan to quickly implement some low-cost/no-cost energy-saving improvements;
- present other short-term, intermediate-term and long-term energy-savings ideas; and
- determine if a more in-depth assessment/study is likely to have a dramatic positive return on investment (ROI) for the company.

# What's in it for NEPIRC?

The energy management program compliments NEPIRC's seven year Strategic Plan by:

- Delivering quality innovative services
- Continually improving offerings
- Keep abreast of market changes
- Address clients' top and bottom line needs.
- Helping our customers maintain strong financial position

# Funding Opportunities

- No Cost Initial Energy Assessment
- NEPIRC 3<sup>rd</sup> Party Subsidy Program
- Potential Tax Rebates or Credits

# NEPIRC Services

Since 1988, NEPIRC has been helping small to mid-sized companies increase their productivity, profitability and overall competitiveness and is proud to sponsor today's event. Some areas of our expertise and special programs include:

- Lean Enterprise
- Business Growth
- ISO & Quality Improvement
- E-Business & Quality Improvement
- Human Resources
- Financial Assistance
- New Product Development (NPD) Network
- Loan Programs
