

EXECUTIVE NETWORK

The Executive Network offers a confidential setting where leaders from non-competing firms share common challenges while learning best practice solutions for profitable growth. Members gain a valuable network of trusted business advisors, business development opportunities, business presentations, industry related resources, continuous improvement, and leadership development.

A professional facilitator chairs and organizes each meeting. Groups are limited to 15 members to assure maximum interaction and value. Each member receives a case study targeting one of their current business issues that includes pragmatic solutions and advice to achieve success.

Manufacturing leaders from small and medium-sized enterprises (SMEs).The members come from different industries and areas in and around Northeastern PA.

Member Benefits:
